Professional Experience

Frontend Developer Dec 2022 - June 2024
Methodworks (alliance partner based in India for Qikfox cyber security) Noida, India
Digital Certificate issuance August 2023 - April2024

- **Project:** Developed a website using React.js and SCSS for issuance and verification of certificates via blockchain.
- **Design & UI:** Created a design section and managed the UI with pixel-perfect precision.
- **Issuer Onboarding:** Developed the onboarding process for issuers.
- **Template Management:** Created a template for managing certificate fields.
- **User Roles:** Implemented unique identity onboarding, allowing users to assume roles such as issuer, verifier, or bearer for certificate authentication on the blockchain.

Onqik Decemeber 2022 - July 2023

- **Project:** Developed a unified communication app using React.js and SCSS, featuring decentralized email, chat, contacts, calendar, and file storage.
- **Contact Management:** Created a contact sidebar that functions across all applications and developed a contact application.
- **Email & Database:** Implemented an email compose box with drag-and-drop functionality and designed the database structure framework.
- **Tech Stack:** React.js, SCSS, Material UI, TypeScript.
- **Security:** Enabled communication via unique handles with end-to-end encryption.

CRM Chrome Extension May 2024 - June 2024

- **Project:** Developed a Chrome extension using HTML, CSS, JavaScript, and Node.js with Google OAuth for secure email detail retrieval.
- **Frontend Development:** Designed the extension interface and implemented OAuth authentication, ensuring seamless user interaction and secure email detail display.
- **Backend Development:** Built a Node.js server to handle OAuth callbacks, manage tokens, and process API responses.
- **Integration:** Ensured secure data flow and communication between the Chrome extension frontend and Node.js backend.
- **Testing & Optimization:** Conducted rigorous testing, optimized performance, and ensured scalability for the extension and server.

Jr. Full Stack Developer April 2020 - March 2022
Axis Bank Mumbai, India
Axis bank Card issuance portal April 2020 - March 2022

- **Project:** Developed a system using HTML, CSS, Bootstrap, JavaScript, React, Node.js, and MongoDB.
- **Component Development:** Built complex components, including a card issuance form with custom steps.
- **Responsive Design:** Ensured accurate status display across different device sizes.
- **Backend Management:** Handled backend functionalities for the application.
- **Tech Stack:** HTML, CSS, Bootstrap, JavaScript, React, Node.js, MongoDB.

Frontend Developer
COMPACT INDIA PVT LTD

July 2018 - March 2020

Delhi, India

CL Educate Projects: Career Launcher, LawEntrance & CL Educate

Nov 2018 - March 2020

- Developed high-converting 50+ (100+ page-wise) micro-sites and landing pages, increasing leads generation, user engagements, and SEO rankings.
- Revitalized UI/UX, optimized performance for all CL core sites and e-commerce platform through dynamic interactivity, functionality, upgrades, and implementing on-page SEO practices while collaborating cross-functionally with marketing, academics, content, and graphic designers.
- Integrated Java/JSP with HTML, CSS, and JavaScript to enhance feature integration efficiency and ensure timely delivery across multiple projects.

EDUCATION

- Bachelor of Technology, Govt. Engineering College Aug 2013 - Jul 2017 Mechanical Engineering
- Intermediate, Agrasen DAV Public School 2011 - 2013 Science with PCM
